Case Study

Buckshaw Lodge Registered Care

Wharram Designs provided all furniture items which included living room chairs, sofas and tables, dining room furniture and also bedroom furniture. The development also includes an internal street scene which offers a restaurant, bar, lounge and shopping area. These areas were also furnished and fitted out by Wharrams.

Our Project Management Team are able to handle all furnishing requirements of a development. From new build where all elements such as carpets, curtains, furniture, bedding and even items such as cutlery are required through to redevelopment projects the team have a wealth of experience. Not only are they able to save clients time and money whilst keeping quality high they are able to co-ordinate the interior fitting out taking some of the stress away from the project.
